

Dear Hal,

10-13-73

My god, the pace of contemporary events! I wanted to write you with some impressions of the Garrison trial & of the Hunt-  
Lodge testimony... but before I could get my thoughts together the Middle East

exploded again, & news resigned a new hero, author of the Cuban book on Oswald, is to be the new V.P.! The mind boggles (yet again). So I leave only this briefly, no fee for the time being—just to keep in touch. More later—  
Love D.
